Re: Case PUE-2009-00059

Dear Mr. Gorley,

I would like to express my extreme concern relating to the impending rate increase proposed by Aqua Virginia to the SCC dated July 15, 2009. This increase again impacts the residents of Lake Land'Or, a small community in Caroline County Virginia.

Our current rates are a financial hardship. The impact of another rate increase in this economy could be catastrophic.

I and the members of our community have concerns over water quality, service and expense.

Please take my complaint into consideration.

I can be reached at _____.

Sincerely,

Name
