Re: Case PUE-2009-00059

Dear Sir,

I am filing a complaint over the impending rate increase proposed by Aqua Virginia to the SCC dated July 15, 2009. This increase again impacts the residence of Lake Land'Or, a small community in Caroline County Virginia.

Our current rates are a financial hardship. The impact of another rate increase in this economy could be catastrophic.

I have already contacted Aqua Virginia with my complaint.

I and the members of our community have concerns over water quality, service and expense.

Please take my complaint into consideration.

I can be reached at: _____.

Sincerely,

Name:

Address:
